Banish winter blues and come and spend time with likeminded creators in pleasant surroundings 10 minutes from Tournus, Junction 27 on the A6.

Meeting on the second Tuesday every month... starting next Tuesday, 10th February 2009. 10am till 5pm, but you are welcome to come and go as your timetable permits.

Bring along any project you're currently working on, or (whilst there's no formal tuition) you could learn something new from friendly and supportive others - whether it be painting or needlework, pottery or plenty of other crafty ideas. Large creative reference library for inspiration...

Any craft materials used charged for at cost, and a simple soup and bagette lunch, teas and coffees provided but additional provisions/donations would be very welcome.
