## Cybercafe in Autun

There's now one in Autun, but although their website's friendly and welcoming, they don't say where they are! However, I managed to do some detective work on their site and it seems they're in rue Changarnier. Their website is <http://www.cybercafe-autun.com>. Telephone +33 (3) 385 861 307. They're open from Mon - Fri 2pm - 8.30 pm, closed Saturdays. There's wi-fi access; if you buy a ticket from them you can use the cafe across the road for wi-fi when the cybercafe's closed. Light refreshments available, etc. Could someone ring them and tell them they haven't put their address on their website?!
