## Carrelages (tiles)

---

A factory in Decize (5 that makes and sells tiles direct to the public. They are even cheaper than Brico Depot! They are called Decize Carrelages and are on 176 Avenue de Verdum, Decize. It is on the main road from Luzy to Decize and opposite a shop called Super Fouilles (something like that anyway). It's on the right hand side and looks like an abandoned factory, you almost miss the sign! They have a car park, reception and a show room. You can walk around the warehouse to look at the tiles. Very friendly people and very nice prices!
